Full Moon Ritual Invoking Arianrhod & Earth Elemental...Notes

We are Invoking both energies of Arianrhod and the Earth Elemental - in relation to abundance and being guided in that direction

- ★ We will ground
- ★ Cast a circle
- ★ Call the Elementals
- ★ Invoke Arianrhod and Earth Elemental
- ★ Make our offerings (you can choose what you would like to offer from the list in the comments)
- ★ Set your intention & scribe it on paper (to be shredded into tiny pieces and given over to running water for completion)
- ★ Drum/music and chants
- ★ We then thank, devoke and close

To prep for the ritual (if you are actively taking part) you will need...

- ★ A candle each for Arianrhod and Earth Elemental
- ★ The offering(s) you have chosen for each Entity
- ★ Paper and a pen for scribing your intention

- ★ A candle each for Arianrhod and Earth Elemental
- ★ The offering(s) you have chosen for each Entity
- ★ Paper and a pen for scribing your intention
- ★ Any tool you use for circle casting
- ★ If you have a drum, tambourine (or use your voice) for when we ground before the ritual and when raising our energies

Once the ritual is complete, shred your paper and place in running water. To be carried away and completed.

The following day, we discard the paper in running water...now, if you don't have any running water nearby then you can use the toilet to flush the ashes (it IS running water after all!)

If you desire, you can then sit in meditation and ask for access to any past lives which may be blocking your progress towards your Soul's Desire (for my Soul Rea-

alignment peeps, just continue your 21 day alignment exercises and/or taking new actions)

If you don't wish to, or find it difficult to sit in meditation, you can absolutely use other methods to get the answers...divination with cards or by scrying, you can dance or drum yourself into a trance state, then ask your questions. You can even use one of our Guided Meditations to find the answers :)

Food & Drink Offerings

Bread is always a good fallback for a food offering (bakery bread is best), date, figs, (we use) vegan honey/syrup OR set a place at the table for the Entities with a portion of the food you are eating offered on the plate :)

Red wine/grape juice, apple juice or (we use) a homemade nut milk

Obviously, some Deities have specific foods they prefer, but offering a portion of your main meal is welcomed :)
