Change Your Mind And Change Your Life

Full Moon Ritual Invoking Arianrhod, Rhiannon & Jupiter...Notes

We will be tapping into the energy of the Full Moon and Jupiter - using the expansiveness of Jupiter reflected off our Moon, to tap into expansion and higher awareness energy...before Jupiter goes retro on 14th :) We will be Invoking both Arianrhod & Rhiannon (I was instructed to bring the focus to both of these Moon Goddesses)...plus bringing forth Jupiter in all his expansive glory! You can also charge a Talisman of your choice, for the purpose of your choice as well :)

Please make sure anything used in this Ritual has been consecrated and charged for Magickal purposes :)

- ★ We will ground - using the drum
- ★ Cast a circle
- ★ Tree of Life Cross of Light -
- ★ Lesser Invoking Ritual of the Pentagram -
- ★ Call the Elementals - going in the same direction as your cast circle - you can either use your own words, or follow my lead in the Ritual
- ★ Invoke Arianrhod, present offerings, incense & oils, light her candle - again, you can either follow my lead, or use your own words
- ★ Invoke Rhiannon, present offerings, incense & oils, light her candle - following my lead or using your own words
- ★ Call on Jupiter (see words below). This is specific, so my suggestion is to follow my lead, unless you do have your own way to do this :)

[If you are charging a Talisman, use the following words as you hold your Talisman if not, then just speak the words]

Jupiter! Sky Father!

Jupiter! You of Sovereignty, of the High Vibration Warrior

Jupiter! You who's magnetosphere is a titan! You who's storms bring much needed cleansing and the movement of change!

Jupiter! You are expansion, you are choice, you are grace, you are abundance, you are freedom, you are trust!

Jupiter! Your energy we ask to borrow, on this, your night, your energy of expansion to free our Heart Center!

Jupiter! We ask for your energetic projection to us, to our minds and Hearts, via our Moon. To bring us our own security, trust, peace & joy - our higher awareness, to go beyond the physical, into deep knowledge...

Jupiter! Teach us the power to surrender with our heart, teach us to release our fears and live in love and TRUST...

Jupiter! To you, we give our thanks...we pay you great reverence! And we bring you offerings of [state what offerings you have here]

- ★ We will then draw down the Moon—coming to Orans Pose - standing...facing the direction of the Moon (or alternatively, use a wand/hands in prayer or Invocation Mudra)...and 'plug into' the energy of the Moon as it reflects Jupiter's energy down through your fingers (wand), hands arms...into your whole body...you are filling yourself up with this energy (like filling up a car with fuel). When you feel the energy subside, release your hands and come back to sitting.
- ★ We will then have a 31 minute (this timing allows the breath and concentration to affect the body on all levels) Heart Centred meditation - using Mudra and a relaxed breath pattern. And a visualisation of bringing grounded energy from the Earth up the front of the body, interacting with the Heart Center where it 'sonic booms' out to the Universe, then carries on out the top of the Crown, out to Theta, then back down the back of the body, into the Earth - as a cycle. Now, if you wish, you can pause the video here and do longer...so, 62 mins integrates the shadow mind with positive projection and 2.5 hrs changes the subconscious patterns and holds them in the collective consciousness!
- ★ We then do some grounding with the drum

★ We then thank, devoke and close

To prep for the ritual (if you are actively taking part) you will need...

- ★ A candle each for Arianrhod and Hekate and Jupiter
- ★ The offering(s) you have chosen for each Goddess and Jupiter
- ★ A wand or Athame for the casting of the circle (or use your index finger or the 'benediction mudra') and drawing down the Moon
- ★ A Talisman (optional) for Jupiter to charge
- ★ If you have a drum, tambourine (or use your voice) for when we ground before and after and for the singsong at the end :)

Food & Drink Offerings

Bread is always a good fallback for a food offering (bakery bread is best), date, figs, (we use) vegan honey/syrup OR set a place at the table for the Deity(s) with a portion of the food you are eating offered on the plate :)

Red wine/grape juice, apple juice or (we use) a homemade nut milk

Obviously, some Deities have specific foods they prefer, but offering a portion of your main meal is welcomed :)

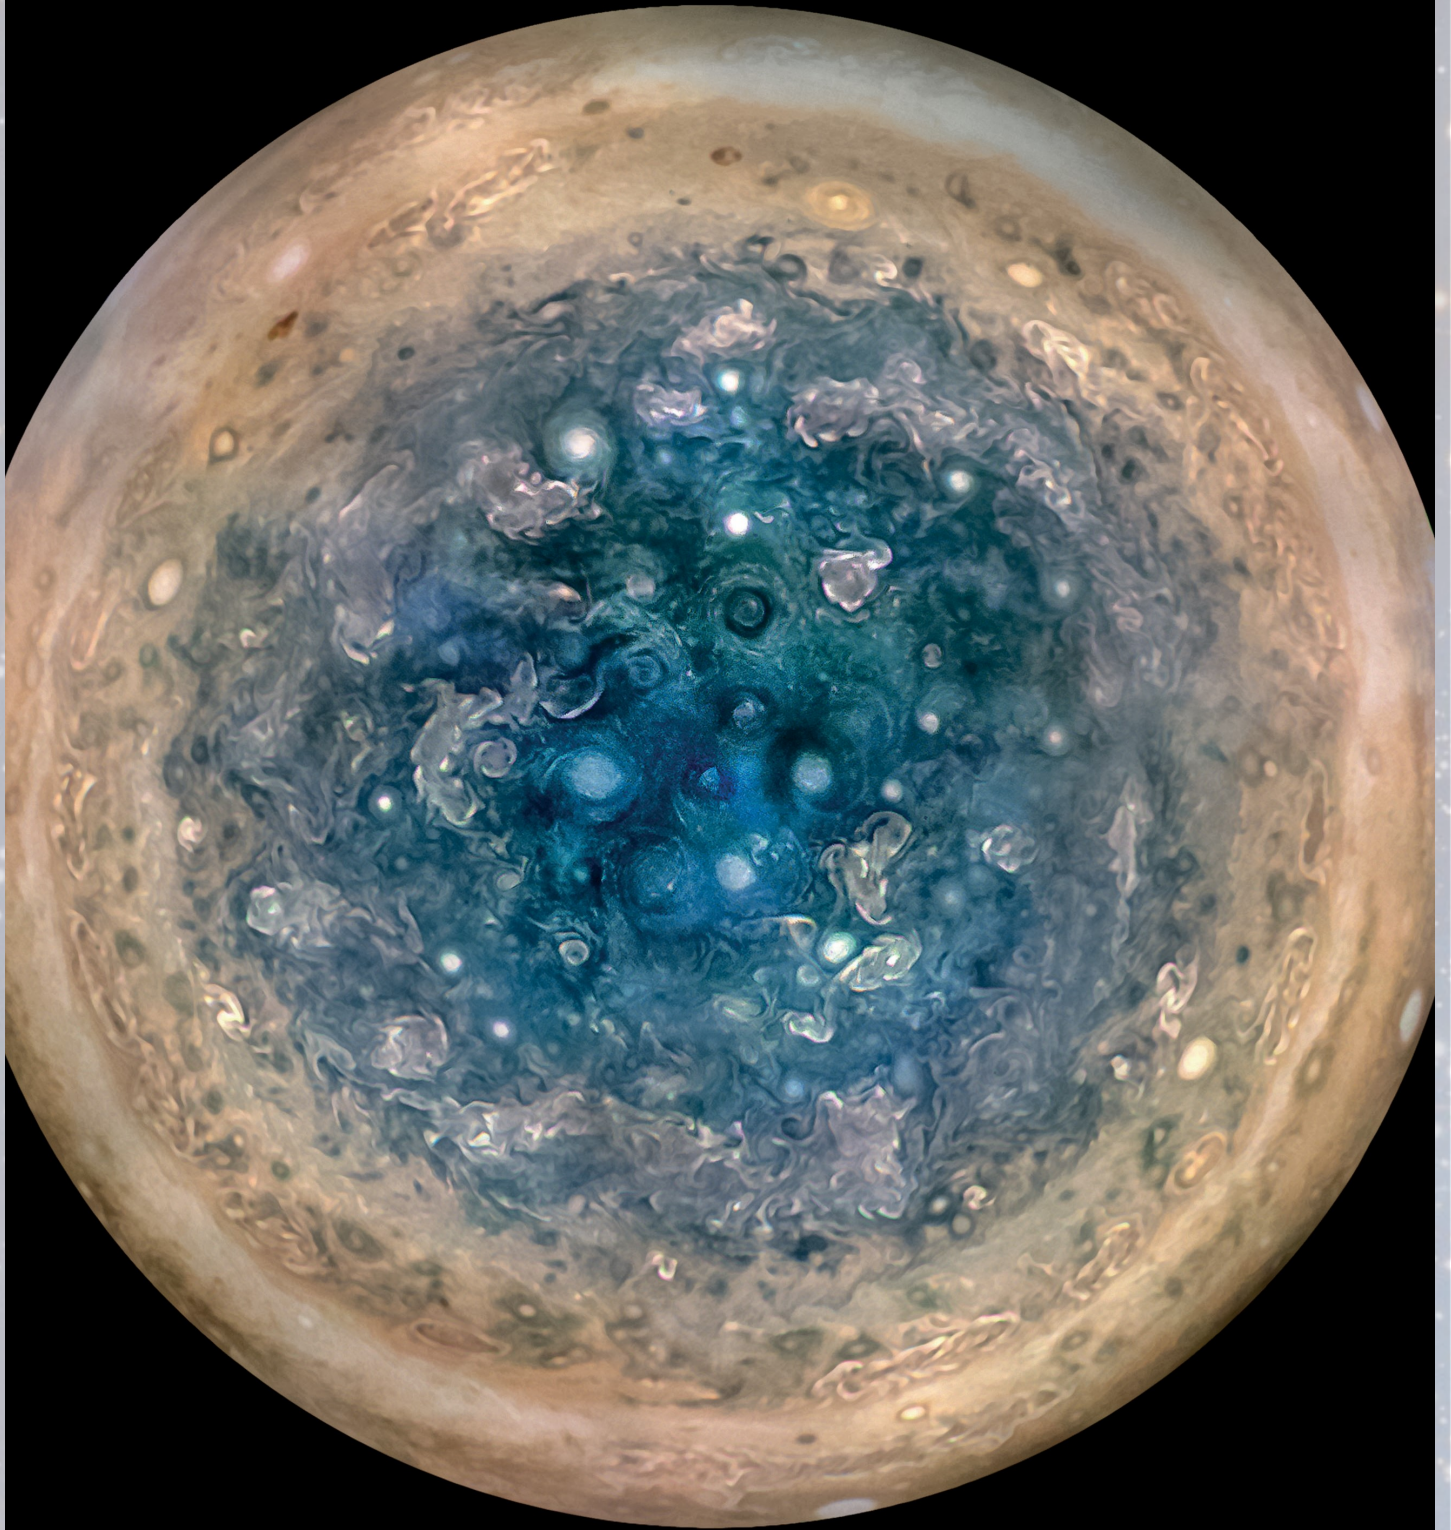

Some Jupiter and Goddess images for adorning your altar, if you need them :)

You can print off one or all of the following pages of the pdf at your chosen size :)

Rhiannon
