

NEW MOON Setting Our Intent for the coming year - I AM Health Wealth Abundance Prosperity & Strength...notes

We will be tapping into the energies of the Quickening New Moon (Feb 14th) and setting a powerful intention. We will be inviting Hekate & Arianrhod

To prep for the ritual (if you are actively taking part) you will need...

- ★ Small spell candles which burn between 10-15 mins (if you don't have small spell candles, then use something else...we are using 6hr tealights this time 'round. If you do this, you will need to keep the candles burning after the ritual is closed...somewhere safe, obviously ;)
- ★ The full set of Sigils (see the end of the document for the full sized ones, which you can either copy out or print off and use as they are!)
- ★ Incense - something decadent!
- ★ The offering(s) you have chosen for each entity If you have a drum, tambourine (or use your voice) for when we ground before and after
- ★ An altar to set it all on!

The Ritual

- ★ We will ground - using the drum
- ★ Casting the circle—walk the circle open, or seated, in you don't have the space to walk it, Deosil from the East, using the words *"Circle cast, circle conjure"*
- ★ Ja Sekhmet! Hail Hathor! (Optional)
- ★ Call the Elementals Earth, Fire, Air and Water
- ★ Invite Hekate, using words below...or use your own words

"Hekate! I summon thee from within me, by Waning Moon.

With the turning of the endless tide, All that's past be laid aside.

Threefold Goddess of the Moon, shine your light with me in the gloom

*Illuminate the pain and fear, and align with pure LOVE throughout the
"year"*

"The earth began to bellow, trees to dance. And howling dogs in glimmering light advance... 'Ere Hekate came!

"Hekate! Crone goddess! Grandmother of the Moon! Titan goddess! Queen of Witches!

*Wearing the dark robe of night, the infinite mystery within, which all may be known -
if one has one's own eyes!*

*Owl-eyed goddess...seer, walker in the dark, hold high your lantern to share your light
with us!*

*Blessed black bitch, I hear your hounds baying at truth, leading me onward and I follow,
with your name writ on my soul!*

*You hold the key to all knowledge...to self-knowledge, Hekate! Glorious! Open the
door to my soul, let me grasp the slippery knife, by my will, by my choice...rather than
circumstance and delusion.*

*As your hound, I search and sort truth from illusion, I choose to cut the cords that
bind me in any direction...for you tell me the mystery of right time.*

*I see clearly and act from my power! Mighty Hekate! Grant me the boon of power! Ultimate
power! The power over the only enemy...that which slides from awareness,
from responsibility, from the bald fact that I am not I, but ALL!*

Help me win through to the ultimate law...that of LOVE

That I harm none but myself in fear and pain, that I serve none but LOVE!

*Hekate! Transmuter! Transform the slippery shadow within me to the brilliant sacred
dark of your essence! Hekate! Great One! Bless us and bless this work we do in your
name! We bid you HAIL and WELCOME!*

★ Invite Arianrhod, using words below...or use your own words

*Arianrhod! Great goddess of life and rebirth! Priestess of the moon! Our reverence
we do show, as in life, as incarnate spirit I work to progress and grow. We thank you
Mother of light and dark, that we have and receive all in alignment, via creativity. Arianrhod!
You of the Silver Wheel!, Star goddess, residing in Caer Arianrhod, your Oarwheel carries the fallen to Emania...*

You who spins magick through space and time! Goddess of the stars and sky, karma

and reincarnation, you see into the depths of my soul, through the eyes of the White Owl. You who knows the darkness, who understands the weaving of the threads through the gaps in the universe...the illuminated path of us all...Arianrhod, you who lights the way clear for us! We bid you HAIL and WELCOME!

To you both we ask for you to witness our workings, and guide our minds and Hearts. Igniting within us our own security, love, trust, peace & joy - our higher awareness, to go beyond the physical, into deep wisdom & knowledge...

Walk with us as we surrender with our hearts, walk with us as we release our fears and live in love and TRUST...

Trust that our health, wealth, prosperity, abundance & strength bring forth all that we hold dearest...

To you all we give our thanks...we pay you great reverence! And we bring you offerings of [state what offerings you have here]

Food & Drink Offerings

Bread is always a good fallback for a food offering (bakery bread is best), date, figs, (we use) vegan honey/syrup OR set a place at the table for the Deity(s) with a portion of the food you are eating offered on the plate :)

Red wine/grape juice, apple juice or (we use) a homemade nut milk. CRYSTALS!

Obviously, some Deities have specific foods they prefer, but offering a portion of your main meal is welcomed :)
